

Independent Consumer Study*

30-day consumer study by independent, third party research lab conducted 2/18/2020 - 3/18/2020 on a test panel of thirty females of various ages and ethnicities.

Percentage of participants who agree strongly/somewhat:

*Based on a 4 week independent consumer study of 30 participants in New Jersey using the Hydrating Balancer-Rich, Black Serum, Polar Day Cream (on cold and dry days) and Temperate Day Cream (on warm and mild spring-like days).
